5. [REDACTED] LIAISON Contacted Ronald Kienlen, Office of General Counsel, OMB, to obtain background on an Executive Order which, according to the 7 September Congressional Record "Daily Digest," the President was issuing and which would prohibit the employment of aliens in the competitive service. 6. [REDACTED] LEGISLATION Contacted the Senate Rules and Administration Committee to determine the status of S. 2925, the zero-base review bill, which had been referred to that Committee by the Senate Government Operations Committee after being reported favorably by the latter in early August. I was informed that Senators Edmund S. Muskie (D., Maine) and William V. Roth (R., Del.), both of whom are pushing S. 2925, were testifying before the Senate Rules and Administration Committee today and that the Committee hopes to report the bill favorably very shortly since it is on the Senate calendar later this month.

8. [REDACTED] LIAISON Cliff Hackett, House International Relations Committee staff, called and stated that at the time we provided the conclusions to the document on the Italian Communist Party we had also offered a briefing on the Communist Party and stated that Representatives Stephen J. Solarz (D., N.Y.) and Michael Harrington (D., Mass.) had now requested such a briefing. I told him that the situation had changed somewhat and gave him some background on the Panorama article, which he claimed he was unaware of. I then told him I would look into whether we could provide such a briefing.

15. [ ] LEGISLATION Called Nanette Blandin, OMB, and asked her for the status of the two deputies legislation. She told me that it was still tied up with questions regarding executive level and supergrade positions for the Intelligence Community Staff. She said she would call me the next day and let me know what she was able to do.
